## Product Highlights

### • Crystal Clear Video

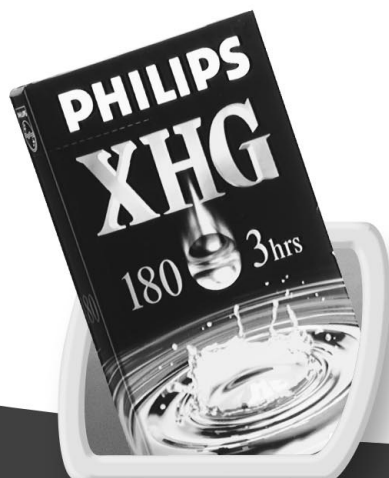

- With Crystal Clear Video, Philips has created the perfect combination of technologies to guarantee the best possible picture restitution:
- Digital Studio Picture Control: Optimises the picture rendition regardless of the quality of tape used.
- Laser cut Video Heads: They have a better profile for a superior head/tape contact. Lesser wear guarantees longer life and higher performance quality.
- Studio Tracking System: It improves the tracking accuracy and reduces the crosstalk noise.
- Natural Colour: It cleans the colour from any kind of noise and corrects the spill.

### • Easy Link

Easy Link offers maximum convenience when it comes to installing a VCR. There's no need to wait endlessly for the tuning of all channels or to spend time re-sorting the presets in the right order. You just connect both VCR and TV with a Scart cable and plug the mains. That's all! On top of that features like Automatic On/Off switching of the TV when the VCR is used, Direct Record and automatic 16x9 switching make the daily life of the VCR user much easier.

### • SMART Picture

With this unique feature, you are now able to optimise the sharpness and colour, in playback, to your own preference.
